

On the scenic West River

**HARTGE
YACHT
HARBOR**

ESTABLISHED 1865

From the Helm - May 11, 2016

Let's talk about the future of outboard engines

This is the future...

***Torqeedo... a quiet,
modern, and emission-free
electric outboard engine.***

- * Simple storage & installation
- * No issues with water or ethanol in the fuel tank (there is no fuel tank!)
- * Lightweight, quite, vibration-free
- * Starts with the touch of a button
- * Fast acceleration
- * No end-of-season maintenance
- * Completely waterproof
- * Extra batteries and solar charging options available

From the HELM- cont'd

Make this your past...!

Hartge Yacht Harbor is proud to be an authorized ***Torqeedo*** dealer and engines are now available for purchase and installation

We're sure you'll agree that convenience and contributing to the environmental health of our Bay is worth the expense. Please contact us for details and pricing information.
